Pay Pool Administrator Advisory

2012-9

Issue Date: October 29, 2012

Topic: Sub-Panel Spreadsheet 2012 v 1.3 Posted in Pay Pool Notices

Discussion: Version 1.3 of the Sub-Panel Spreadsheet has been released to correct an error in the export file when rows and columns are hidden.

Action: Use the updated Sub-Panel Spreadsheet v1.3 found in Pay Pool Notices to facilitate sub-panel deliberations. Version 1.2 will be deleted from Pay Pool Notices. Do a round-trip in CAS2Net to use the updated spreadsheet if your pay pool has already met so you do not lose any data/scores.
